

CUB SCOUT PROGRAMS!

Earn your badges through fun, hands-on museum workshops, or stay the night!

Making My Family Special

Visit our galleries and discover how family life and life for children was the same and different on Long Island in the 1800s - especially if you lived on a ship! Touch artifacts and create your own historical -style toy to take home. Learn about and play some of the games that children in the past have enjoyed.

(1G Go See It Activity)

Map & Compass

It's map time! Try making a compass with a magnet and pin. Learn how to use a compass and go on a simple compass course around the museum - what will you find? Go home with your own compass design on a necklace.

Science

Learn about amazing ocean creatures, and have a blast with gooey scientific experiments! Try planting a seed, identifying rocks - everything you need to get your science badge.

Other Historical Crafts & Workshops

- **Ship in a Bottle** - Create the classic maritime craft of ship-in-a-bottle, a hobby of sailors at sea. Scouts bring label-free, wide-mouthed jars (such as a pasta sauce jar). We'll supply all the rest!
- **Scrimshaw** - Learn the art of carving your own scrimshaw, just like whalers used to do at sea. Our most popular craft through the years.
- **Sailor's Valentines** - Learn about beautiful shell shapes, meet a hermit crab, and create an 1800's-style shell mosaic to take home.

Programs are 1½ hours long and run for \$8 a scout during weekdays. Select weekends available.

Minimum 8 participants. No charge for adults.

Scouts are always welcome to visit on their own (general admission is \$6 adults, \$5 children).

See our collection, go on a gallery scavenger hunt, and enjoy a film. Please confirm date availability beforehand.

SCOUT OVERNIGHTS!

A fun-filled evening with the museum to yourself, which includes:

- Your selection of learning activities and discoveries

- Pizza Dinner!
- Fall asleep after a movie
- Breakfast (bagels or cereal)
- \$35 a scout, 15 minimum
- 6:30 pm - 9 AM
- **Check our website for lots more information!**

Art

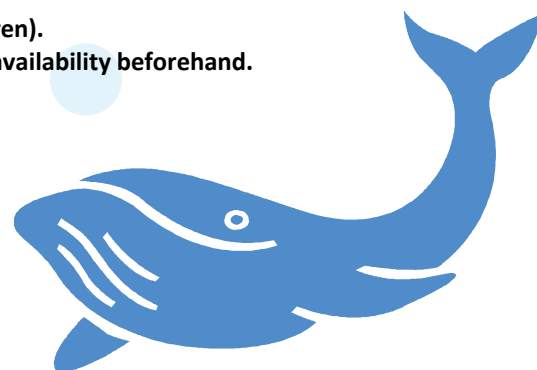

Have fun making handmade recycled paper out of newspaper, learning simple printmaking techniques with foam, exploring our collections, and mixing colors. Have an opportunity to display any flat artwork from the workshop in our museum to share with our visitors!

American Indian Lore

Touch real arrowheads and see our Native American oil lamp. Learn about the Matinecock Native American communities of Long Island and create an arrowhead necklace or keychain to take home.

The Past is Exciting and Important

Find out about the important whaling history behind many of our Long Island communities. Touch nautical artifacts, see our whaleboat, watch a whaling film, and try your own hand at carving scrimshaw!

Bookings Call our Education Department • 631.367.3418 x 16 or x17 • ndayan@cshwhalingmuseum.org
