

Our school programs meet and exceed current state and national standards

NYS Common Core Mathematics Standards

- 2.NBT.5:** Students will fluently add and subtract within 100 using strategies based on place value, properties of operations and/or the relationship between addition and subtraction.
- 2.MD.3:** Students will estimate lengths using units of inches, feet, centimeters & meters.

NYS Common Core Social Studies Standards

- 2.8.A:** Students will investigate what resources are available in their community and what resources are obtained from neighboring communities. Students will examine how available resources differ in communities.
- 2.9.A:** Goods are the products a person or group of people make. Services are actions performed by a person or group of people with a certain skill.
- 2.9b:** Members of a community specialize in different types of jobs that provide goods and/or services to the community. Community workers such as teachers, firefighters, sanitation workers, and police officers provide services.

NGSS Science Standards

- 2-LS4.D:** *Biodiversity in Humans*—There are many different kinds of living things in any area, and they exist in different places on land and in water.
- 2-LS2.A:** *Interdependent relationships in ecosystems*—Plants depend on water and light to grow (2-LS2-1).
