ABOUT
The Whaling Museum & Education Center illuminates the intersections of history, science, art, and culture of Long Island's whaling and maritime heritage.

The museum is a lifelong learning institution bringing diverse communities together with exhibitions, events, programs, and a 6,000-item collection. Adults & children explore fascinating experiences of people, creatures, places, and stories above and below the waves.

The Whaling Museum is the only museum in the world open year-round that explores the whaling history and its impacts of the Long Island region. The museum is among the 5% of nationally accredited museums.

Tax-exempt 501(c)3 organization
We are excited to announce The Whaling Museum’s first outing held on the stunning grounds of an 18 hole championship course, offering a day of excellent golfing, ongoing buffets, on-course contests, hole-in-one prizes, and an opportunity to support a unique cultural gem of Long Island.
